

L.I.T.C.
PRIVATE INSTITUTE

Summer SCHOOL 2022

ABOUT THE PROGRAMME

Our unique programme provides an intercultural environment for children to learn through play, enhance important life skills, strengthen their linguistic competencies, and learn about diversity and environmental protection.

Our qualified and dedicated educators and other specialists collaborate to provide an enjoyable environment for children through structured and unstructured activities while preparing them for the next academic year in a fun and collaborative way.

Children interact with their peers in a linguistically and culturally diverse environment and have the opportunity to learn from invited guests about various topics including music, environmental protection, and arts.
